Conscription law, subject to the President's approval.

A party of 375 prisoners, 200 of them civilians, arrived from Richmond to-night. Among them is James W. Leeds, an old Cincinnati and New Orleans steamboat pilot, who was arrested at Columbus, S. C., in November, 1861. They left Richmond on the 18th, and many of them had been in Goldsbore, Petersburg, Salisbury, and other points farther South, but a short time previous. They passed Long-street's army corps moving from Petersburg to Lynchburg, as they came up. Gen. D. H. Hill was at Goldsboro, making a demonstration towards Newbern, N. C. Gen. A. P. Hill is was at Gold-boro, making a demonstration towards Newbern, N. C. Gen. A. P. Hill in South Carolina, French at Greenville

N. C. Nobody was with Lee at Frederick burg but Stonewall Jackson Northern Georgia. They represent the feelings of the privates in the rebel army as being overwhelmingly in favor of shandowing the context, and say that the majority of them with whom they came in confact, were practically Union men, but the officers and women cally Union men, but the officers and womenare very bitter. People guerally admitted
that, if Vleksburg fell, they lost control of
the country west of the Mississippi. They
could not hold out through this year from
sher want of provisions. They are very peitive in asserting that the negroes know all
about the war, and are familiar with the Prestient's Proclamation.

Burnside is still in the city, awaiting final instructions.

The Mexican Minister, and others well informed with respect to the military situation in his country, niterity discredit the statement of Richmond papers, that the city of Mexico has been captured by the French.

The World's special says:

It is reported that the rebels have paroled Gen. Stoughton and other officers captured with him. Commissioner Ludlow, however, knows nothing of it.

It is understood that the course of the Government will probably be to call as extra session of Congress immediately on the departure of the next prize from a British port, and recommend that vessels under the British fing shall either be interdicted estirely from loading in American ports, or subjected to a tonnage duty of about three dollars per lon.

The President and Cabinet, after giving the subject much deliberation, deeds not to issue letters of marque and reprisal. In their stead, it is understood that all vessels fitted out by private parties for the purpose of capturing rebel pirates, will be duly commissioned it the Nary, and allowed to go on their mission.

The President to day, contrary to precedent bereforce established, re-appointed Andrew Wylic as one of the Judges of the Suprem Court for this District, after he had been re fused confirmation by the Senate, on the had day of its sitting.

OUR COUNTRY: MAY SERALWAYS HE REGISTER OF WAONG, OUR COUNTRY!!!—

We have kept this motto at the head of our columns since we started this paper, elvisem by sare ago, and never have been as antisfied as how, with its correctness. The country, to day, is the United States of America: its enemies those who are in arms against it. Right or wrong, our country! Roeling with the murderous blows she has reversed, she in the murderous blows she has reversed, she may stagger wildly slong the path which leads out of the difficulty, swaring even across countritional botherse, but so long as the respectively.

posed the President best understood his own business, said resorted to those expedients to whip outside rebels, like the use of gunpow-der, shells, torpedoes and monitors, they were engines of war, and therefore legitimate forces. I take this occasion to say that, in my opinion, Prasident Lincols is a good and rise man, the wery best man in our country for the piace and the times. God be praised that we have him for our President.
